About us

Our vision is to have stronger communities by ensuring women and children impacted by crime and its risk factors can access the supports necessary to build positive futures. Those in conflict with the law need more positive interventions than incarceration.

Women, youth, and children face disproportionate challenges due to homelessness, poverty, and systemic barriers—leaving them among the most marginalized in our society. For over 85 years, EFry has been a trusted advocate, standing alongside those at risk, involved in, or impacted by the justice system.

At EFry, we take a gender-responsive approach to reducing criminal justice involvement by ensuring that women and children affected by crime and its risk factors have the support they need to build brighter, more stable futures.
